NOTE 5: Goodwill which arose in the acquisition of the assets of the Morton Packing Company in 1955 was amortized at the rate of 5% per year, by charges to income during the years 1956 through 1960. In view of the results of operations of the Morton division to date, the Board of Directors has concluded that such goodwill now has no value and accordingly the unamortized balance ($2,861,040) was written off at December 31, 1960.
